

Ms. Cheyene Haase
President
BC Management, Inc.

Cheyene Haase has been an executive recruiter for thirteen years with eleven of those years specializing in the business continuity field. Her career as an executive recruiter began in Madison, Wisconsin shortly after graduating from UW- Madison with a bachelor's degree. In Madison she placed professionals at all levels from programmers, accountants to professors. Shortly after moving to southern California in 1998; she joined Management Recruiters International where she immediately began recruiting in the business continuity field. Cheyene quickly recognized that the business continuity field was getting lost within the large umbrella of Management Recruiters International. She decided to forge a new company solely dedicated to the business continuity field; thus she founded BC Management, Inc. in 2000.

Cheyene has become an integral part of the business continuity community previously serving on the board for the Association of Contingency Planners of Los Angeles and Orange County and currently an active professional on the Editorial Advisory Board for Continuity Insights. She was also the recipient of the inaugural ACP Hall of Fame award in 2006.
