Biography

Laure Molinier **Manager**

Laure Molinier, Manager, is part of the Group Security and Resilience team in the Risk Management division, responsible for designing and implementing the Euroclear group business continuity strategy in line with international standards and regulatory requirements. Her responsibilities encompass risk assessment, business continuity and crisis-management planning, implementation, training and exercises.

Before joining the Risk Management division, Mrs Molinier was responsible for the management of relationship with the Belgian regulatory authorities (the National Bank of Belgium and the Banking Commission), and for the coordination of the information and approval of major developments (structural changes, new Business Model) by the Belgian regulators.

She joined Euroclear in May 2001 as Manager in the Corporate Finance Department in charge of the preparation of financial information for major acquisitions and restructuring projects and for external stakeholders (shareholders, clients, regulators).

Prior to joining Euroclear, Mrs Molinier held responsibilities within the financial and internal audit services of large multinational companies such as the American electronics manufacturer, Thomas & Betts and in the head offices of the Pechiney (now Alcan) in Paris.
